Child Health and Sports Cooperative (CHSC)

CHSC members from INA contact point undertook collective action to address the growing problem of mosquitoes making it almost impossible for children to play or study at the contact point. The issue was first raised in the Bal Sabha and later in the CHSC meeting. The children wrote a letter to the MCD authorities requesting the spraying of mosquito repellent at the contact point. After getting the signatures of all the CHSC members, representatives selected by children along with the CRA Mr. Hasan met the MCD officer and explained to him the problem and submitted their application. This resulted in the MCD field staff visiting the area and sanitising the whole place and surrounding areas.
